With the exception of personal equipment and minor defects to the stick (e.g. small holes or painting, which shall be corrected by the player concerned, who after this may continue the match), all incorrect equipment discovered during the match shall lead to the prescribed penalty.
 - ii. Offences concerning players' uniforms and team captain's armband shall not lead to more than one penalty per team per match. However, all incorrect equipment shall be reported. No other players than the team captains and the player with the equipment being measured may be at the secretariat during the measuring. After measuring, play shall be resumed according to what caused the interruption.
 - b) Measuring of a hook may be requested by the team captain.
 - i. The team captain also has the right to point out to the referees other incorrectness in the opponents' equipment, but in this case the referees decide whether or not to take action. Measuring may be requested at any time, but shall not be carried out until play is interrupted. If measuring is requested during an interruption, it shall be carried out immediately, including in connection with goals and penalty shots, unless, in the referees' opinion, it negatively affects the situation for the opposing team. In this case the measuring shall be carried out at the next interruption. The referees are obliged to check a hook at the team captain's request, but only one measuring per team per interruption shall be allowed. No other players than the team captains and the player with the equipment being measured may be at the secretariat during the measuring. After measuring, play shall be resumed according to what caused the interruption.
 - d. The Referee

 - i. When changing ends, the teams shall also change substitution zones. The home team shall choose ends at an early stage before the match. Every new period shall start with a face-off at the centre spot. At the end of every period the secretariat is responsible for providing a siren or other suitable sound device, unless this is automatic. The timing of the intermission shall start immediately at the end of the period. The teams are responsible for being back onto the rink in time to resume play after the intermission. If the referees consider one end of the rink to be better, the teams shall change ends after half the third period, but this has to be decided before

FLOORBALL

- ii. the start of the third period. If such a changing of ends takes place, play shall be resumed with a face-off at the centre spot.
 - b) Game time shall be effective however depending on venue being used or number of games being played simultaneously a running clock would be preferable to help with scheduling etc.
 - i. Effective game time implies that time shall be stopped whenever play is interrupted by the referees' whistle, and started again when the ball is played.
 - ii. At unnatural game interruptions a triple signal shall be used. The referees decide what shall be regarded as an unnatural interruption, but this always includes: a damaged ball, the board coming apart, injuries, measuring of equipment, unauthorised persons or objects on the rink, the lights going out either completely or partly, and the final signal being sounded by mistake.
 - iii. Should the board come apart play shall not be interrupted until the ball is near the place in question. In case of injuries play shall be interrupted only on suspicion of serious injury or if the injured player directly affects play.
 - iv. An administrating authority may grant an exemption to use non-effective time, in which case game time shall only be stopped in connection with a goal, a penalty, a penalty shot, a time out or at the referees' triple signal at an unnatural interruption. The last 3 minutes of regular game time shall always be effective.
 - v. Game time shall be stopped during a penalty shot.
- 2) Time out
 - a) Time out is only used if effective clock is in use.
 - b) During regular game time, each team shall have the right to request one time out, which shall be carried out, and be marked by a triple signal, as soon as play is interrupted.
 - i. A time out may be requested at any time, including in connection with goals and penalty shots, but only by the team captain or a member of the team staff. A time out requested during an interruption shall be carried out immediately, but if the referees consider that this negatively affects the situation for the opposing team, the time out shall be carried out at the next interruption. A requested time out shall always be carried out, except after a goal, when the team may withdraw the request. A time out starts at the referees' additional signal when the teams are at their substitution zones and the referees at the secretariat. Another additional signal after 30 seconds marks the end of the time out. After a time out, play shall be resumed according to what caused the interruption. A penalized player must not participate in a time out.
- 3) Extra time
 - a) If a match, that has to be decided, ends with a tie, it shall be extended to a maximum extra time of 5 minutes.
 - b) Before extra time, the teams have the right to a 2 minute intermission, but no changing of ends shall take place. Penalty time remaining after regular game time shall continue during extra time. If the score after limited extra time is still equal, the match shall be decided by penalty shots.
- 4) Penalty shots after limited extra time
 - a) Three field players from each team shall take one penalty shot each.
 - b) If the score after this is still equal, the same players shall take one penalty shot each until a decisive result is achieved.
 - c) The penalty shots shall be taken alternately. The referees decide which goal to use and shall carry out a draw between the team captains. The winner decides which team will start taking the penalty shots. The team captain or a member of the team staff shall, in

**FLOORBALL**

- d) writing, inform the referees and the secretariat of the numbers of the players and the order in which they will take the penalty shots. The referees are responsible for ensuring that the penalty shots are taken in the exact order as noted by the team staff.
 - e) As soon as a decisive result is achieved during the penalty shots, the match is over and the winning team shall be considered to have won by one extra goal. During the regular penalty shots, a decisive result is considered to be achieved when a team is leading by a larger number of goals than the opposing team has remaining penalty shots. During the possible extra penalty shots, a decisive result is considered to be achieved when a team has scored one goal more than the opposing team and both teams have taken the same number of penalty shots. The extra penalty shots do not have to be taken in the same order as the regular penalty shots, but a player must not take his third penalty shot until all the noted players in his team have taken at least two, and so on.
 - f) A penalized player may participate in the penalty shots if he has not incurred a match penalty. If one of the noted players incurs any penalty during the penalty shots, the team captain shall choose a field player, who is not already noted, to replace the player who has incurred the penalty. If a goalkeeper incurs any penalty during the penalty shots, he shall be replaced by the reserve goalkeeper. If a reserve goalkeeper is not available, the team has a maximum of 3 minutes to properly equip a field player, who is not already noted, but none of this time may be used for warming up. The new goalkeeper shall be marked in the match record, and the time of the change shall be noted. A team that is unable to note five field players shall only be allowed to take as many penalty shots as they have noted players. This is also valid during possible extra penalty shots.
 - g) Check numbering of players.
- g. Method of scoring: Goal
- 1) Allowed goals
 - a) A goal shall be considered allowed when it has been correctly scored and confirmed with a face-off at the centre spot.
 - b) All allowed goals shall be noted in the match record with the time and the numbers of the scoring and assisting players. An assisting player is considered a player of the same team directly involved in the scoring. Only one assist per goal shall be noted. A goal scored during extra time or from a penalty shot after a period or a match has ended shall not be confirmed with a face-off, but shall be considered allowed when both referees have pointed at the centre spot and the goal has been noted in the match record.
 - c) An allowed goal must not be disallowed.
 - d) If the referees are certain that an allowed goal is incorrect, this shall be reported.
 - 2) Correctly scored goals
 - a) When the entire ball passes the goal line from the front, having been played in a correct way with a field player's stick, and no offence leading to a free-hit or a penalty has been committed by the attacking team in connection with, or immediately before, the goal. This includes:
 - i. When a player in the defending team has moved the goal cage out of position and the ball passes the goal line from the front between the marks for the posts and below the imaginary position of the bar.

FLOORBALL

penalty has been committed by the attacking team in connection with, or immediately before the goal.

- c) The goal shall not be considered correctly scored if a field player in the attacking team intentionally kicks the ball immediately before it is directed into goal. If a player has scored with an incorrect stick and the mistake is noticed only after the ball has passed the goal line, the goal shall be allowed.
- d) When a player who is not noted in the match record, or is incorrectly numbered, is involved in the scoring of a goal.
- e) Involved implies scoring or assisting.

3) Incorrectly scored goals

- a) When a player in the attacking team has committed an offence leading to a free-hit or a penalty in connection with, or immediately before, the goal. (Prescribed offence sign)
 - i. This includes when a team scores with too many players or a penalized player on the rink, and when a player in the attacking team intentionally moves the goal cage out of position.
- b) When a player in the attacking team intentionally directs the ball into goal with any part of his body.
- c) Since this is not considered an offence, play shall be resumed with a face-off.
- d) When the ball passes the goal line during, or after, a signal.
- e) A period or a match is over as soon as the final signal has started sounding.
- f) When the ball goes into the goal cage without passing the goal line from the front.
- g) When a goalkeeper throws or kicks the ball into the opposing team's goal, in an otherwise correct way.
- h) Since this is not considered an offence, play shall be resumed with a face-off. The ball has to touch another player or another player's equipment before it goes into goal.
- i) When a field player in the attacking team intentionally kicks the ball and it goes into goal after having touched another player or another player's equipment.
- j) Since this is not considered an offence, play shall be resumed with a face-off.
- k) When the offending team scores during a delayed penalty.

 - i. All tampering with the blade, except hooking, is prohibited. The hook shall be measured as the distance between the highest point of the blade's inner side and an even surface on which the stick is lying. Changing the blade is allowed, but the new blade shall not be weakened. Taping the joint between the blade and the shaft is allowed, but no more than 10 mm of the visible part of the blade shall be covered.
- 8) The referees' equipment
 - a) The referees shall be equipped with plastic medium sized whistles, measuring equipment and red cards.
 - i. Exemption for other types of whistles may be given by the administrating authority.
- 9) The secretariat's equipment
 - a) The secretariat shall have all the equipment necessary for their responsibilities.
- 10) Control of equipment
 - a) The referees shall decide about controlling and measuring all equipment.
 - i. Inspection shall take place before and during the match. Incorrect equipment, including defective sticks, discovered before the match shall be corrected by the player concerned, who after this may start the match. With the exception of personal equipment and minor defects to the stick (e.g. small holes or painting, which shall be corrected by the player concerned, who after this may continue the match), all incorrect equipment discovered during the match shall lead to the prescribed penalty.
 - ii. Offences concerning players' uniforms and team captain's armband shall not lead to more than one penalty per team per match. However, all incorrect equipment shall be reported. No other players than the team captains and the player with the equipment being measured may be at the secretariat during the measuring. After measuring, play shall be resumed according to what caused the interruption.
 - b) Measuring of a hook may be requested by the team captain.
 - i. The team captain also has the right to point out to the referees other incorrectness in the opponents' equipment, but in this case the referees decide whether or not to take action. Measuring may be requested at any time, but shall not be carried out until play is interrupted. If measuring is requested during an interruption, it shall be carried out immediately, including in connection with goals and penalty shots, unless, in the referees' opinion, it negatively affects the situation for the opposing team. In this case the measuring shall be carried out at the next interruption. The referees are obliged to check a hook at the team captain's request, but only one measuring per team per interruption shall be allowed. No other players than the team captains and the player with the equipment being measured may be at the secretariat during the measuring. After measuring, play shall be resumed according to what caused the interruption.
- d. The Referees
 - 1) A match shall be led and controlled by two equally authorized referees.
 - 2) The referee shall have the right to stop a match if there is an obvious risk that it can not be continued according to the rules.

**FLOORBALL**

- 2) The secretariat shall be neutral and responsible for the match record, time keeping and possible speaker tasks
- f. Duration of the game
 - 1) Regular game time
 - a) Regular game time shall be 3 x 20 minutes with two 10 minute intermissions when the team changes ends. This may vary based on schedule of games or number of teams in a tournament.
 - i. Exemption for shorter game time however not less than 3 x 15 minutes and/or intermissions may be given by the administrating authority. When changing ends, the teams shall also change substitution zones. The home team shall choose ends at an early stage before the match. Every new period shall start with a face-off at the centre spot. At the end of every period the secretariat is responsible for providing a siren or other suitable sound device, unless this is automatic. The timing of the intermission shall start immediately at the end of the period. The teams are responsible for being back onto the rink in time to resume play after the intermission. If the referees consider one end of the rink to be better, the teams shall change ends after half the third period, but this has to be decided before the start of the third period. If such a changing of ends takes place, play shall be resumed with a face-off at the centre spot.
 - b) Game time shall be effective however depending on venue being used or number of games being played simultaneously a running clock would be preferable to help with scheduling etc.
 - i. Effective game time implies that time shall be stopped whenever play is interrupted by the referees' whistle, and started again when the ball is played.
 - ii. At unnatural game interruptions a triple signal shall be used. The referees decide what shall be regarded as an unnatural interruption, but this always includes: a damaged ball, the board coming apart, injuries, measuring of equipment, unauthorised persons or objects on the rink, the lights going out either completely or partly, and the final signal being sounded by mistake.
 - iii. Should the board come apart play shall not be interrupted until the ball is near the place in question. In case of injuries play shall be interrupted only on suspicion of serious injury or if the injured player directly affects play.
 - iv. An administrating authority may grant an exemption to use non-effective time, in which case game time shall only be stopped in connection with a goal, a penalty, a penalty shot, a time out or at the referees' triple signal at an unnatural interruption. The last 3 minutes of regular game time shall always be effective.
 - v. Game time shall be stopped during a penalty shot.
 - 2) Time out
 - a) During regular game time, each team shall have the right to request one time out, which shall be carried out, and be marked by a triple signal, as soon as play is interrupted.
 - i. A time out may be requested at any time, including in connection with goals and penalty shots, but only by the team captain or a member of the team staff. A time out requested during an interruption shall be carried out immediately, but if the referees consider that this negatively affects the situation for the opposing team, the time out shall be carried out at the next interruption. A requested time out shall always be carried out, except after a goal, when the team may withdraw the request. A time out starts at the referees' additional signal when the teams are at their substitution zones and the referees at the secretariat. Another additional signal after 30 seconds marks the end of the time out. After a time out, play shall be resumed according to what caused the interruption. A penalized player must not participate in a time out.

FLOORBALL

- 3) Extra time
 - a) If a match, that has to be decided, ends with a tie, it shall be extended to a maximum extra time of 5 minutes.
 - b) Before extra time, the teams have the right to a 2 minute intermission, but no changing of ends shall take place. During extra time the same rules apply to starting and stopping time as during regular game time. Extra time is not divided into periods. Penalty time remaining after regular game time shall continue during extra time. If the score after limited extra time is still equal, the match shall be decided by penalty shots.
- 4) Penalty shots after limited extra time
 - a) Five field players from each team shall take one penalty shot each.
 - b) If the score after this is still equal, the same players shall take one penalty shot each until a decisive result is achieved.
 - c) The penalty shots shall be taken alternately. The referees decide which goal to use and shall carry out a draw between the team captains. The winner decides which team will start taking the penalty shots. The team captain or a member of the team staff shall, in writing, inform the referees and the secretariat of the numbers of the players and the order in which they will take the penalty shots. The referees are responsible for ensuring that the penalty shots are taken in the exact order as noted by the team staff.
 - d) As soon as a decisive result is achieved during the penalty shots, the match is over and the winning team shall be considered to have won by one extra goal. During the regular penalty shots, a decisive result is considered to be achieved when a team is leading by a larger number of goals than the opposing team has remaining penalty shots. During the possible extra penalty shots, a decisive result is considered to be achieved when a team has scored one goal more than the opposing team and both teams have taken the same number of penalty shots. The extra penalty shots do not have to be taken in the same order as the regular penalty shots, but a player must not take his third penalty shot until all the noted players in his team have taken at least two, and so on.
 - e) A penalized player may participate in the penalty shots if he has not incurred a match penalty. If one of the noted players incurs any penalty during the penalty shots, the team captain shall choose a field player, who is not already noted, to replace the player who has incurred the penalty. If a goalkeeper incurs any penalty during the penalty shots, he shall be replaced by the reserve goalkeeper. If a reserve goalkeeper is not available, the team has a maximum of 3 minutes to properly equip a field player, who is not already noted, but none of this time may be used for warming up. The new goalkeeper shall be marked in the match record, and the time of the change shall be noted. A team that is unable to note five field players shall only be allowed to take as many penalty shots as they have noted players. This is also valid during possible extra penalty shots.
- g. Method of scoring: Goal
 - 1) Allowed goals
 - a) A goal shall be considered allowed when it has been correctly scored and confirmed with a face-off at the centre spot.
 - b) All allowed goals shall be noted in the match record with the time and the numbers of the scoring and assisting players. An assisting player is considered a player of the same team directly involved in the scoring. Only one assist per goal shall be noted. A goal scored during extra time or from a penalty shot after a period or a match has ended shall not be confirmed with a face-off, but shall be considered allowed when both referees have pointed at the centre spot and the goal has been noted in the match record.
 - c) An allowed goal must not be disallowed.
 - d) If the referees are certain that an allowed goal is incorrect, this shall be reported.

**FLOORBALL**

- 2) Correctly scored goals

 - c) Since this is not considered an offence, play shall be resumed with a face-off.
 - d) When the ball passes the goal line during, or after, a signal.
 - e) A period or a match is over as soon as the final signal has started sounding.
 - f) When the ball goes into the goal cage without passing the goal line from the front.
 - g) When a goalkeeper throws or kicks the ball into the opposing team's goal, in an otherwise correct way.

 - i. If the referees are unable to point out the offender, or if the offence is committed by a member of the team staff, the team captain shall choose a field player, who is not already penalized, to serve the penalty. If the team captain refuses to do this, or is penalized, the referees shall choose the player.
 - ii. All penalties carried out shall be noted in the match record with the time, number of the player, type of penalty and cause of penalty. If the penalty is caused by an offence in connection with play, the non-offending team shall be awarded a free-hit. If the penalty is caused by an offence not in connection with play, play shall be resumed with a face-off. If the penalty is caused by an offence committed during an interruption, play shall be resumed according to what caused the interruption.
 - iii. A penalized team captain loses his right to speak to the referees, unless he is addressed by them.
- b) A penalized player shall be on the penalty bench during the entire penalty.
 - i. All penalties terminate when the match is over. A penalty, which has not expired at the end of regular game time, shall continue during extra time. A penalized player shall be on the same side of the centre line as his team, with the exception of when the secretariat and the penalty benches are situated on the same side of the rink as the substitution zones. During regular game time a penalized player may leave the penalty bench during an intermission. A penalized player may not leave the penalty bench during the intermission between regular game time and extra time. A penalized player must not participate in a time out. A player, whose penalty expires, shall immediately leave the penalty bench, unless the number of penalties for his team makes this impossible or the penalty expiring is a personal penalty. A goalkeeper, whose penalty expires, shall not leave the penalty bench until the next interruption.
 - ii. A penalized player who is injured may be replaced on the penalty bench by a field player who is not already penalized. Both players shall be noted in the match record with the number of the player actually serving the penalty in brackets. If the injured player enters the rink before the penalty expires, match penalty one will be imposed.
 - iii. If the secretariat is responsible for a player being admitted to the rink too soon and the mistake is noticed during regular penalty time, the player shall resume his position on the penalty bench. There shall not be any additional penalty time and the player shall return to the rink when his regular penalty time expires.
- c) If a goalkeeper incurs one or several 2 minute bench penalties, the team captain shall choose a field player, who is not already penalized, to serve the penalty.

The new goalkeeper shall be marked in the match record, and the time of the change shall be noted.

- a) A bench penalty shall affect the team, and due to this the penalized player must not be replaced on the rink during the penalty.
 - b) No more than one bench penalty per player and two bench penalties per team may be measured simultaneously.
 - i. All bench penalties shall be measured in the order they are imposed. A player, whose penalty can not be measured, shall be on the penalty bench from the moment his penalty is carried out.
 - ii. If more than one penalty is imposed simultaneously on a team already having a bench penalty, the team captain decides which of the new penalties shall be measured first. Shorter bench penalties shall, in this case, always be measured before longer. If, during a delayed penalty, the team incurs yet another bench penalty, the delayed penalty first imposed on the team shall be the one measured first.
 - c) A team, which has more than two players with carried out bench penalties, shall still have the right to play with three players on the rink.
 - i. The team shall play with four players on the rink until they have only one bench penalty being measured. All penalized players in a team shall leave the penalty bench in the same order as their bench penalties expire, but the rules concerning the number of players allowed on the rink shall be noticed all the time. The referees, together with the secretariat, shall help a player, whose penalty has expired during play, to leave the penalty bench as soon as play is interrupted.
 - d) If a player, who has incurred a bench penalty, commits further offences leading to a penalty, all his penalties shall be served consecutively.
 - i. This is regardless of whether the first penalty has started or not. If a bench penalty has already started and the same player incurs another penalty, the measuring of the first penalty shall not be affected, but go on from where it was when the new penalty was carried out.
 - ii. Consecutively implies that as soon as the player's first bench penalty expires or terminates, the next one shall start being measured, unless the team has other bench penalties, not yet being measured, which have been imposed in between the first player's bench penalties.
 - iii. An unlimited number of bench penalties can be imposed on the same player. If a player has incurred a personal penalty, all his bench penalties have to expire or terminate before the personal penalty may start to be measured.
 - iv. If a player is serving a personal penalty, then incurs a bench penalty, the measuring of the remaining personal penalty shall, as soon as the bench penalty can be measured, be postponed until the bench penalty expires or terminates. The team captain shall choose a field player, who is not already penalized, to accompany the player on the penalty bench in order to enter the rink when the bench penalty expires. If a penalized player commits an offence leading to a match penalty, the rules concerning match penalties shall also be applied.

 - i. During a delayed penalty, the non-offending team shall be given the opportunity to replace the goalkeeper with a field player and continue the attack. A delayed penalty shall still be carried out after the end of a period or a match. If the delayed penalty is carried out because the offending team gains and controls the ball, play shall be resumed with a face-off.
 - ii. The non-offending team must use a delayed penalty for constructive attacking play. If the referees consider the team only to be trying to waste time, the players shall be notified.  - iii. If the delayed penalty is carried out because of any other interruption, play shall be resumed according to what caused the interruption.

 - i. The match penalty replaces the second 2 minute bench penalty + 10 minute personal penalty, but shall still be followed by a 5 minute bench penalty. Continued implies in the same sequence and repeated for the second time in the same match.
- e) When a player, in anger, breaks his stick or other equipment.
- f) When a player is guilty of a physical offence of misconduct.
 - i. This includes dangerous, violent or unsportsmanlike offences considered deliberate or unprovoked.

14) Match penalty 2

- a) Match penalty 2 shall also lead to suspension from the following match in the same competition.

15) Offences leading to a match penalty 2

- a) When a player or a member of the team staff participates in a scuffle.
 - i. A scuffle implies a milder form of a fight, without punches or kicks, where the players involved respect attempts to separate them.
- b) When a player commits an offence leading to a 5 minute bench penalty, for the second time in the same match.

**FLOORBALL**

- i. The match penalty replaces the second 5 minute bench penalty, but shall still be followed by a 5 minute bench penalty.
 - c) When a member of the team staff, is guilty of continued or repeated unsportsmanlike behavior.
 - i. The match penalty replaces the second 2 minute bench penalty + 10 minute personal penalty, but shall still be followed by a 5 minute bench penalty. Continued implies in the same sequence and repeated for the second time in the same match.
 - d) When a player, whose equipment is about to be measured, tries to correct the equipment before the measuring.
 - e) When a player or a member of the team staff commits an offence clearly intending to sabotage play. This includes when:
 - i. A penalized player intentionally enters the rink during play, before his penalty expires or terminates. If the rink is entered during an interruption in play a 2 minute bench penalty shall be imposed. If the secretariat is responsible for a player being admitted to the rink too soon, and the mistake is noticed during regular penalty time, the player shall resume his position on the penalty bench. There shall not be any additional penalty time and the player shall return to the rink when his regular penalty time expires. If the mistake is noticed after the regular penalty time has expired, no action shall be taken. If a player, whose penalty has expired, enters the rink despite the numeric situation does request him to wait for the next interruption, it can, depending on its cause, be considered to be 'playing with too many players'.
 - ii. Offences are committed by either team from the substitution zone, during a penalty shot.
 - iii. Equipment is thrown from the substitution zone during play.
 - iv. A player, not in the process of changing, takes part or tries to take part in play from the substitution zone.
 - v. A player participates as a field player after having participated as a goal keeper in the same game.
 - vi. A team intentionally has too many players on the rink.
 - f) When a field player continues to use a defective stick or uses a strengthened or lengthened shaft (no offence sign).
- 16) Match penalty 3
 - a) Match penalty 3 shall also lead to suspension from the following match in the same competition, and further punishment decided by the administrating authority.
- 17) Offences leading to a match penalty 3
 - a) When a player or a member of the team staff is involved in a fight.
 - i. A player is considered to be involved in a fight when he uses punches or kicks.
 - b) When a player or a member of the team staff is guilty of a brutal offence.
 - i. This also includes throwing a stick or other equipment at an opponent.
 - c) When a player or a member of the team staff is guilty of abusive language.
 - i. Abusive language implies grossly insulting referees, players, team staff, officials or spectators.
- 18) Penalties in connection with a penalty shot
 - a) If a penalty shot, caused by an offence leading to a penalty, results in a goal, only the penalty causing the penalty shot can be affected.

FLOORBALL

- i. This includes a delayed penalty shot. If the penalty shot is caused by an offence leading to a 2 minute bench penalty, the penalty shall be cancelled if the penalty shot results in a goal, but all other types of penalties shall be carried out. If during a delayed penalty shot, the offending team commits another offence leading to a penalty shot, the second offence shall be considered the offence causing the penalty shot. If a penalty shot is interrupted due to an offence caused by the goalkeeper, the goalkeeper's offence shall be considered the cause of the new penalty shot.
 - b) If a penalty shot, caused by an offence not leading to a penalty results in a goal, no other penalty shall be affected.
 - b. Fixed Situations
 - 1) General regulations for fixed situation
 - a) When play has been interrupted, it shall be resumed with a fixed situation, according to what caused the interruption.
 - i. Fixed situations are face-offs, hit-ins, free-hits and penalty shots.
 - b) The referees shall use one signal, show prescribed signs and mark the place for the fixed situation. The ball may be played after the signal if it is not moving and is in the right position.
 - i. The referees shall first show the consequence sign and then a possible offence sign. The offence sign shall only be used if considered necessary, however always in connection with penalties and penalty shots. If, in the referees' opinion, play is not affected, the ball does not have to be entirely still or in exactly the right place at a hit-in or a free-hit.
 - c) A fixed situation must not be unreasonably delayed.
 - i. The referees decide what shall be considered unreasonable delay. If a fixed situation is delayed, the referees shall if possible notify the player before any action is taken.
 - 2) Face-off
 - a) At the start of a new period and to confirm a correctly scored goal, a face-off shall be taken at the centre spot.
 - i. A goal scored during extra time or from a penalty shot after a period or a match has ended shall not be confirmed with a face-off. When a face-off is taken at the centre spot, each team shall be on their own side of the centre line.
 - b) When play is interrupted and neither team can be awarded a hit-in, a free-hit or a penalty shot, play shall be resumed with a face-off.
 - c) A face-off shall be taken at the nearest face-off dot, according to where the ball was at the interruption.
 - d) All players, except those taking the face-off, shall immediately, without summons from the referees, take a position at least 3 m from the ball, sticks included.
 - i. Before a face-off, it is the referees' responsibility to check that the teams are ready and that all players have taken position.
 - e) A face-off shall be taken by one field player from each team. The players shall be facing the opposing team's short side and must not have physical contact before the face-off. The feet shall be placed perpendicular to the centre line. Each player shall have both his feet at the same distance from the centre line. The sticks shall be held with a normal grip and with both hands above the grip mark. The blades shall be placed perpendicular to the centre line on either side of the ball, but without touching it.
 - i. Normal grip implies the way the player holds his stick during play. The defending team's player chooses on which side of the ball to place his stick. If the face-off is on the centre line, the visiting team's player chooses. The ball shall be at the centres of

**FLOORBALL**

- ii. the blades. If a player taking a face-off does not obey the referees' instructions, another player who is on the rink shall take the face-off. In case of a dispute in connection with a substitution before a face-off is taken, the away team is obliged to carry out their substitution first
 - f) A face-off may go directly into goal.
- 3) Events leading to a face-off
 - a) When the ball is damaged unintentionally.
 - b) When the ball is not correctly playable.
 - i. The referees shall, before interrupting play, give the players a reasonable opportunity to play the ball.
 - c) When parts of the board have been separated and the ball comes near the place in question.
 - d) When the goal cage is moved unintentionally and cannot be put back within a reasonable time.
 - i. It is the goalkeeper's responsibility to put the goal cage back as soon as this is considered possible.
 - e) When a serious injury occurs or an injured player directly affects play.
 - i. The referees decide what shall be considered a serious injury, but as soon as this is suspected, play shall be interrupted immediately.
 - f) When an unnatural situation occurs during play.
 - i. The referees decide what shall be considered an unnatural situation, but this always includes unauthorized persons or objects on the rink, the lights going out either completely or partly, and the final signal being sounded by mistake, or when a referee is hit by the ball and this has a significant effect on the play.
 - g) When a goal is disallowed despite the fact that no offence leading to a free-hit has been committed.
 - i. This includes when the ball goes into goal without passing the goal line from the front.
 - h) When a penalty shot does not result in a goal.
 - i. This includes when a penalty shot is incorrectly performed.
 - i) When a delayed penalty is carried out because the offending team gains and controls the ball.
 - i. This includes when the non-offending team, in the referees' opinion, is trying to waste time.
 - j) When a penalty is imposed for an offence which is not in connection with play, but is committed or noticed during play.
 - i. This includes when a penalized player enters the rink before his penalty expires or terminates.
 - k) When the referees are unable to decide the direction of a hit-in or a free-hit.
 - i. This includes when players from both teams commit offences simultaneously.
 - l) When the referees' decision is incorrect.
- 4) Hit-in
 - a) When the ball leaves the rink, a hit-in shall be awarded to the non-offending team.

FLOORBALL

- i. The offending team is considered to be the team whose player, or player's equipment, last touched the ball before it left the rink. This also includes when a player, to remove the ball from the goal cage, hits the net without touching the ball.
 - b) A hit-in shall be taken from where the ball leaves the rink, 1.5 m from the board, but never behind the imaginary extensions of the goal lines.
 - i. If, in the referees' opinion, play is not affected, the ball does not have to be entirely still or in exactly the right place. If a team gets an advantage from taking a hit-in closer to the board than 1.5 m, this shall be allowed. A hit-in behind the imaginary extension of the goal line shall be taken from the nearest face-off dot. When the ball touches the ceiling or objects above the rink, the hit-in shall be taken 1.5 m from the board at the same distance from the centre line.
 - c) The opponents shall immediately, without summons from the referees, take a position at least 3 m from the ball, sticks included.
 - i. The player taking the hit-in does not have to wait for the opponents to take position, but if the ball is played while the opponents are trying to take position in a correct way, no action shall be taken.
 - d) The ball shall be played with the stick. It shall be hit cleanly, not dragged, flicked or lifted on the stick.
 - e) The player taking the hit-in must not touch the ball again before it has touched another player or another player's equipment.
 - f) A hit-in may go directly into goal.
- 5) Events leading to a hit-in
- a) When the ball passes the board or hits the ceiling or any other object above the rink.
- 6) Free-hit
- a) When an offence leading to a free-hit is committed, a free-hit shall be awarded to the non-offending team.
 - i. With offences leading to a free-hit, the advantage rule shall be applied whenever possible.
 - ii. The advantage rule implies that if the non-offending team still controls the ball after an offence, they shall have the opportunity to go on playing if this gives them a greater advantage than a free-hit. If advantage is being played, and the game is interrupted because the non-offending team loses control of the ball, the resulting free-hit shall be placed where the original offence occurred.
 - b) The free-hit shall be taken where the offence was committed, but never behind the imaginary extensions of the goal lines, or closer to the goalkeeper areas than 3.5 m.
 - i. If, in the referees' opinion, play is not affected, the ball does not have to be entirely still or in exactly the right place. A free-hit closer to the board than 1.5 m may be moved out to this distance. A free-hit behind the imaginary extension of the goal line shall be taken from the nearest face-off dot. A free-hit closer to the goalkeeper area than 3.5 m shall be moved out to this distance along an imaginary line from the centre of the goal line through the place where the offence was committed. In this case the defending team shall always have the right to form a defence line immediately outside their goalkeeper area. If the attacking team prevents or obstructs this, a free-hit shall be awarded to the defending team. The attacking team is not obliged to wait for the defending team to form the defence line, and has the right to place their players in front of the defence line.
 - c) The opponents shall immediately, without summons from the referees, take a position at least 3 m from the ball, sticks included.

**FLOORBALL**

- i. The player taking the free-hit does not have to wait for the opponents to take position, but if the ball is played while the opponents are trying to take position in a correct way, no action shall be taken.
 - d) The ball shall be played with the stick. It shall be hit cleanly, not dragged, flicked or lifted on the stick.
 - e) The player taking the free-hit must not touch the ball again before it has touched another player or another player's equipment.
 - f) A free-hit may go directly into goal.
- 7) Offences leading to a free-hit
- a) When a player hits, blocks, lifts, kicks or holds an opponent or opponent's stick.
 - i. If the referees consider the player to have played the ball before hitting the opponent's stick, no action shall be taken.
 - b) When a field player raises the blade of his stick above waist level in the back swing before hitting the ball, or in the forward swing after hitting the ball.
 - i. This includes mock shots. A high forward swing is allowed if no other players are in the vicinity, and there is no risk of injury. As waist level is considered the level of the waist when standing upright.
 - c) When a field player uses any part of his stick or his foot, to play or try to play the ball above knee level.
 - i. Stopping the ball with a thigh is not considered to be playing the ball above knee level, unless considered dangerous. As knee level is considered the level of the knees when standing upright.
 - d) When a field player places his stick, his foot or his leg between an opponent's legs or feet.
 - e) When a player, in control of the ball, or trying to reach it, forces or pushes an opponent in any way other than shoulder to shoulder.
 - f) When a player, in control of the ball, trying to reach it, or trying to get a better position, moves backwards into an opponent, or prevents an opponent from moving in the direction intended.
 - i. This includes when the attacking team prevents or obstructs the formation of a defence line at a free hit awarded within 3.5 m of the goalkeeper's area.
 - g) When a field player kicks the ball twice, unless in between it has touched the player's stick, another player or another player's equipment.
 - i. This shall be considered an offence only if the player, in the referees' opinion, both times kicks the ball intentionally.
 - h) When a player receives a foot pass from a field player in the same team.
 - i. This shall be considered an offence only if the pass, in the referees' opinion, is intentional. Receiving a foot pass from a player in the same team is allowed if an opponent omits to take the ball despite the possibility to do so. A foot pass to the goalkeeper is not considered a goal situation and can not result in a penalty shot.
 - i) When a field player is in the goalkeeper area.
 - i. A field player is allowed to pass through the goalkeeper area if, in the referees' opinion, play is not affected and the goalkeeper's actions are not hindered.
 - ii. If, when a free-hit for the opposing team is hit directly at the goal, a field player of the defending team is in the goalkeeper area, in the goal cage or, if the goal cage has been moved, in the area where the goal cage normally stands, a penalty shot shall always be awarded.

FLOORBALL

- iii. A field player is considered to be in the goalkeeper area if any part of his body touches the floor inside the goalkeeper area. A field player with only his stick in the goalkeeper area is not considered to be in the goalkeeper area. The lines belong to the goalkeeper area.
- j) When a field player intentionally moves the opposing team's goal cage.
- k) When a field player passively obstructs the goalkeeper's throw-out.
 - i. This shall be considered an offence only if the field player is inside the goal crease or closer to the goalkeeper than 3 m, measured from where the goalkeeper gains control of the ball. Passively implies unintentionally or through omission to move.
- l) When a field player jumps up and stops the ball.
 - i. As jumping is considered to be when both feet entirely leave the floor. Running is not considered as jumping. A player is allowed to jump over the ball if he does not touch it.
- m) When a field player plays the ball from outside the rink. (no offence sign)
 - i. Outside implies having one or both feet outside the rink. If a player plays the ball from outside the rink during substitution, this shall be considered too many players on the rink. If a player, not in the process of changing, plays the ball from the substitution zone, this shall be considered sabotage of play. It is allowed to run outside the rink, but the ball must not be played from there.
- n) In 6 v 6: When a goalkeeper entirely leaves the goal crease during a throw-out.
 In 4 v 4: When a goalkeeper entirely leaves the goal area (1 m x 2.5 m)
 - i. In this case the goalkeeper is not considered a field player. The goalkeeper is considered to have entirely left the goal crease when no part of his body touches the floor in the goal crease. The throw-out is completed when the goalkeeper lets go of the ball, and if he leaves the goal crease after this, no action shall be taken. This rule shall also apply if the goalkeeper gathers the ball inside the goal crease and his entire body then slides outside the goal crease.
 - ii. The lines belong to the goal crease.
- o) When a goalkeeper throws or kicks the ball over the centre line.
 - i. This shall be considered an offence only if the ball does not touch the floor, the board, another player or another player's equipment before it passes the centre line. The entire ball has to pass the centre line.
- p) When a face-off, hit-in or a free-hit is incorrectly performed or intentionally delayed.
 - i. This includes when the non-offending team takes the ball away when the play is interrupted, the ball is dragged, flicked, or lifted on the stick. If a hit-in or a free-hit is taken from the wrong place or when the ball is not entirely still, it may be taken again. If, in the referees' opinion, play is not affected, the ball does not have to be entirely still or in exactly the right place.
- q) When a goalkeeper has the ball under control for more than 3 seconds.
 - i. If the goalkeeper puts the ball down and picks it up again this shall be considered controlling the ball all the time.
- r) When a goalkeeper receives a pass from a field player in the same team.
 - i. This shall be considered an offence only if the pass, in the referees' opinion, is intentional. Receiving implies that the goalkeeper touches the ball with either his hands or arms, also even after the goalkeeper has possibly touched or stopped the ball with any other part of his body. A goalkeeper may receive a pass from a player in the same team if the goalkeeper is completely outside his goal crease when he

**FLOORBALL**

receives the pass, and is thereby considered a field player. If the goalkeeper leaves his goal crease entirely, stops the ball, returns to his goal crease and picks the ball up this shall not be considered a pass to the goalkeeper.

- ii. A pass to the goalkeeper is not considered a goal situation and can not result in a penalty shot.
 - s) When a penalty is imposed for an offence committed in connection with play. (prescribed offence sign)
 - t) When a player delays play.
 - i. This includes when a field player, in order to gain time, places himself against the rink or goal cage in such a manner that the opponent is unable to reach the ball in a correct way. The player should, if possible, be made aware of this before any actions are taken.
- 8) Penalty shot
- a) When an offence leading to a penalty shot is committed, a penalty shot shall be awarded to the non-offending team.
 - i. If a penalty shot is awarded during a delayed penalty or caused by an offence leading to a penalty, the rules concerning penalties in connection with a penalty shot shall also be applied.
 - b) The penalty shot shall be taken from the centre spot.
 - c) All players except the player taking the penalty shot and the defending goalkeeper shall be in their substitution zones during the entire penalty shot. The goalkeeper shall be on the goal line when the penalty shot starts.
 - i. The goalkeeper must not be replaced by a field player. If the goalkeeper commits an offence during the penalty shot, a new penalty shot shall be awarded and any prescribed penalty carried out. If another player in the offending team commits an offence during the penalty shot, a new penalty shot shall be awarded and the offence considered sabotage of play.
 - d) The player taking the penalty shot may play the ball an unlimited number of times, but the ball has to be in a forward movement during the entire penalty shot. As soon as the goalkeeper has touched the ball, the player taking the penalty shot must not touch the ball again during the penalty shot.
 - i. Game time shall be stopped during the entire penalty shot. Forward movement implies away from the centre line. If the ball hits the front face of the goal then the goalkeeper, and passes the goal line from the front, the goal shall be allowed. If the ball at the very start of a penalty shot is drawn backwards the penalty shot shall be interrupted and started all over again.
 - e) If a 2 minute bench penalty is imposed in connection with a penalty shot, the 2 minute bench penalty shall be noted in the match record only if the penalty shot does not result in a goal.
 - i. The penalized player shall be on the penalty bench during the penalty shot.
- 9) Delayed penalty shot
- a) A delayed penalty shot shall be applied when the non-offending team still controls the ball after an offence leading to a penalty shot, and the goal situation is still in progress.
 - i. If a delayed penalty shot is awarded during a delayed penalty or caused by an offence leading to a penalty, the rules concerning penalties in connection with a penalty shot shall also be applied. A delayed penalty shot may be caused by an offence leading to a penalty even if a delayed penalty is already in progress.

FLOORBALL

- b) A delayed penalty shot implies that the non-offending team is given the possibility to continue the attack until the immediate goal situation is over.
 - i. A delayed penalty shot shall still be carried out after the end of a period or a match. If the non-offending team scores correctly during a delayed penalty shot, the goal shall be allowed and the penalty shot cancelled.

10) Offences leading to a penalty shot

- a) When a goal situation is interrupted, or prevented from occurring, because the defending team has committed an offence leading to a free-hit or a penalty. (prescribed offence sign)
 - i. The referees decide what shall be considered a goal situation. Offences in the goal crease shall not automatically lead to a penalty shot.
 - ii. A penalty shot shall always be awarded when the defending team, during a goal situation, intentionally moves the goal cage or intentionally plays with too many players on the rink.
 - iii. If, when a free-hit for the opposing team is hit directly at the goal, a field player of the defending team is in the goalkeeper area, in the goal cage or, if the goal cage has been moved, in the area where the goal cage normally stands, a penalty shot shall always be awarded.

4. Individual Skills Competition (ISC)

The ISC is designed specifically for athletes who have not yet developed the skills necessary to participate meaningfully in team floorball. The ISC consists of five events: Shoot Around the Goal, Receiving and Passing, Stickhandling, Shoot for Accuracy and Flip Pass over an Obstacle. Competitors should first go through a divisioning round where each athlete performs each event once. The total score from the five events is then used to place players in divisions with others of similar abilities for the competition (medal) round. In the medal round, each player should perform each event twice. The total score from the two rounds is added together to give the final score.

a. Shoot Around the Goal

- 1) Purpose: To evaluate the athlete's shooting accuracy and power as well as the athlete's ability to score goals from any angle, given a time constraint.
- 2) Equipment: floorball stick, 5 balls, tape, stopwatch, goal.
- 3) Description: Athlete takes one shot on goal from five different spots around the goal. These spots are located at the end points of five 6-meter long rays which start from a common point at the center of the goal line. Each ray is drawn such that it creates a 30 degree angle with the goal line extended or with a previously drawn ray. The athlete has a 15 second time limit to shoot all the balls. One ball shall be at each spot before the athlete starts shooting.
- 4) Scoring: Each ball which completely crosses the goal line into the goal is worth five points. The score is the total of the five shots; 25 points maximum. (If a ball is deflected from entering the goal by a previously shot ball and the official believes it would have been a goal, then the full 5 points may be awarded).

b. Receiving and Passing

- 1) Purpose: To evaluate the athlete's control and accuracy when receiving and passing the ball.
- 2) Equipment: floorball stick, ball, tape, marker cones.
- 3) Description: Athlete receives the ball from a coach, who passes the ball from the 4 m mark, from either the left or right sides. The Athlete then makes a pass from behind a line. Athlete tries to pass the ball between cones which are placed 8 meters from the passing line. 5 attempts at the skill with a maximum point value of 25 points total.

**FLOORBALL**

- 4) Scoring:
 - 5 pts: Control Receiving and Pass the ball in the 1m zone (between the center cones.)
 - 4 pts: Control Receiving and Pass the ball in the 3m zone (between the two outside cones, but not in the 1m zone.)
 - 3 pts: Control and Pass the ball outside of the 3m zone.
 - 2 pts: Control the ball, but no pass.
 - 1 pt: Contact or Receive but no control of ball.
 - 0 pts: No contact with the ball and no pass.
- c. Stickhandling
 - 1) Purpose: To evaluate the athlete's speed and ability to handle the ball.
 - 2) Equipment: floorball stick, ball, 6 marker cones, tape, stopwatch, goal.
 - 3) Description: Athlete stickhandles the ball from a starting line through a course defined by cones, and shoots the ball at the goal. The distance from start line shall be 21 meters. The cones shall be placed in a straight line at intervals of 3 meters. The clock stops when the ball passes the goal line.
 - 4) Scoring: The time consumed stickhandling is subtracted from 25. For any cones missed, subtract one point each. Five bonus points are given if the athlete scores a goal.
- d. Shoot for Accuracy
 - 1) Purpose: To evaluate the athlete's accuracy, power and ability to score by shooting the ball into specific areas of the goal.
 - 2) Equipment: floorball stick, ball, goal, tape or rope.
 - 3) Description: Athlete takes five shots on goal from behind a line that is 5 meters from and directly in front of the goal. Six sections are defined within the goal by rope or tape as shown in the diagram. The vertical ropes or tapes are hung 45 cm (18") in from each goal post. The horizontal rope or tape is strung 30 cm (12") above the floor.
 - 4) Scoring:
 - a) The goal is divided into point sections as follows:
 - i. 5 points for any shot entering the goal in either of the upper corners.
 - ii. 3 points for any shot entering the goal in either of the lower corners.
 - iii. 2 points for any shot entering the goal in the upper middle section.
 - iv. 1 point for any shot entering the goal in the lower middle section.
 - b) Each shot must completely cross the goal line into the goal for athlete to receive any points, except if the rope or tape stopped the ball from crossing the goal line. In this case, give the point total for the lesser section. The score is the total of these five shots; 25 points maximum.
- e. Flip Pass over an Obstacle
 - 1) Purpose: To evaluate the athlete's control and accuracy when flip passing the ball over an obstacle.
 - 2) Equipment: floorball stick, ball, obstacle (bench or other obstacle between 25-30 cm in height and a minimum of 3 m in length), tape, marker cones.
 - 3) Description: From a stationary position the athlete attempts to flip pass the ball for accuracy, over an obstacle (between 25-30 cm in height and a minimum of 3m in length). The athlete is attempting to pass the ball onto a target that is set up 8 m in distance away (based on diagram). The athlete's total score is the sum of the scores from the five flip passes over an

FLOORBALL

obstacle; 25 points maximum.

- 4) Scoring;
 - 5 pts: Flip Pass the ball, over the obstacle, into the 1 m zone (between the center cones.)
 - 4 pts: Flip Pass the ball, over the obstacle, into the 3 m zone (between the two outside cones, but not in the 1 m zone.)
 - 3 pts: Flip Pass the ball, over the obstacle, outside of the 3 m zone.
 - 2 pts: Flip Pass the ball, over the obstacle, but short of the scoring zones.
 - 1 pt: Ball hits the obstacle but does not pass over the obstacle.
 - 0 pts: No contact with the ball.
- f. Final Score
 - 1) A player's final score is determined by adding together the scores achieved in each of the five events which comprise the Individual Skills Contest.
